

26, January 2016

Attention: Purchase Managers/ Branch Managers/ Hospitals

Sub: Lyderm Cream – Pharma Code: 479233.

We witnessed an unprecedented offtake of our above product in the last 3 months, much above our monthly average sales and this has wiped out our existing inventory. This was due to the unavailability of a similar product in the market.

Because of the above situation we have run out of stocks and we hope to be back in the market in the next two weeks. The aim is to start the supplies again by 10th of February.

We regret for the above situation and hope this would not inconvenience you to a great extent.

In case you do need any more information please feel free to contact the undersigned or our customer services team on free phone 0508 776 746

Kind regards

Harry Subu
Healthcare Business Manager
